The Best Boutique Parquet In The World

Ürünlerimizi kişiselleştirmek için her zaman tüm ihtiyaçları dinleriz . Felsefemiz, eski el işçiliğın kalitesini, modern ve yaratıcı bir yaklaşımla harmanlayıp yıllar boyunca koruduğumuz gerçeğidir.İşlem yöntemleri geçmişe göre değışmiş ve gelişmiş olmasına rağmen, bu değerli malzemeye duyduğumuz sevgi geçmişten günümüze değışmeden kalmıştır ve bu tutku ürettiğımız ahşap ürünlerimizi zenginleştirmemizi sağlamıştır.Şirketimizin kökleri ürünlerimizi ve çalışma şeklimizi karakterize eden değerlerin kanıtıdır. 1963 yılında küçük bir atölye ile başladığımız bu macera şirketimizin uzun yıllar boyunca ahşap parke üreticiliğı ile elde ettiğı tecrübe,bilgi ve birikimleri 2018 yılında butik bir Laminat parke üretim tesisleri kurmasına vesile olmuştur.Güvenilir ve dayanıklı ahşap zeminler üreterek, doğaya zarar vermemeye dikkat ve özen gösteriyoruz.Ahşap zeminler bizim tutkumuz ;felsefemiz işimizin yüksek kalitesi. Ahşapın orijinal kokusunu ve hissini koruyan renk ve dokuları tasarlamaya çalışıyoruz.Müşterilerimiz için bu kadar değerli ürünleri üretebilmek için geri dönüşümü olan ormanlardan üretilen hammaddeleri tercih ediyoruz.Yıllar önce başlattığımız her müşterimiz için bir fidan dikimine aralıksız devam ediyoruz

We always listen to all needs to personalize our products. Our philosophy is the fact that we blend and maintain the quality of old craftsmanship with a modern and creative approach for many years.Although the process methods have changed and developed according to the past, our love for this valuable material has remained unchanged from the past to the present and this passion has enabled us to enrich the wood products we produce. The roots of our company are proof of the values that characterize our products and the way we work. This adventure, which we started with a small workshop in 1963, has led our company to establish a boutique Laminat flooring production facilities in 2018 with its experience and knowledge gained through the production of wooden parquet for many years.We produce safe and durable wooden floors and take care not to harm the nature.Wooden floors are our passion, our philosophy is the high quality of our work. We are trying to design the colors and textures that protect the original smell and feel of the wood. We prefer raw materials produced from recyclable forests to produce such valuable products for our customers.

1.OVERLAY: Film layer impregnated with aluminum oxide and melamine resin.

Thanks to aluminum oxide, it has gained resistance against abrasion, scratching and heat.

In addition, melamine resin which melts and hardens during pressing reduces the adhesion of dirt and stains on the surfaces, helps easy cleaning and provides hygiene.

2.DECOR PAPER :It is obtained by transmitting one-to-one photographs of natural trees to special papers by high-tech methods

3.HDF :High density, non-carcinogenic substance (E1 standard) and moisture resistant fiber board.

4.BALANCE PAPER:Produced from paper obtained from high stabilized wood type fibers,impregnated with melamine resin,Moisture resistance.its a layer that provides Parquet boards.Paraffin:Paraffin is applied to the lock edges of the parquets during production and and creates film layer. It makes the joints of the panels more resistant to moisture.
